I – INSTALLATION

Step 1: After payment successfully, we will send you an instruction email, including: **Terminator 3.0.ex4, your private Password & User manual file.** Open your **MT4**, click **File/Open Data Folder**, choose folder **MQL4/Experts**, paste **Terminator 3.0.ex4** here.

Step 2: In MT4, on menu, choose **Tools/Options**. Go to tab **Expert Advisors**, check 3 options:

√ Allow automated trading
√ Allow DLL imports
√ Allow WebRequest for listed URL

Find & click symbol blue plus icon (+), and add this URL: **http://bot.terminators.info** (You should copy this url & paste to avoid wrong type).
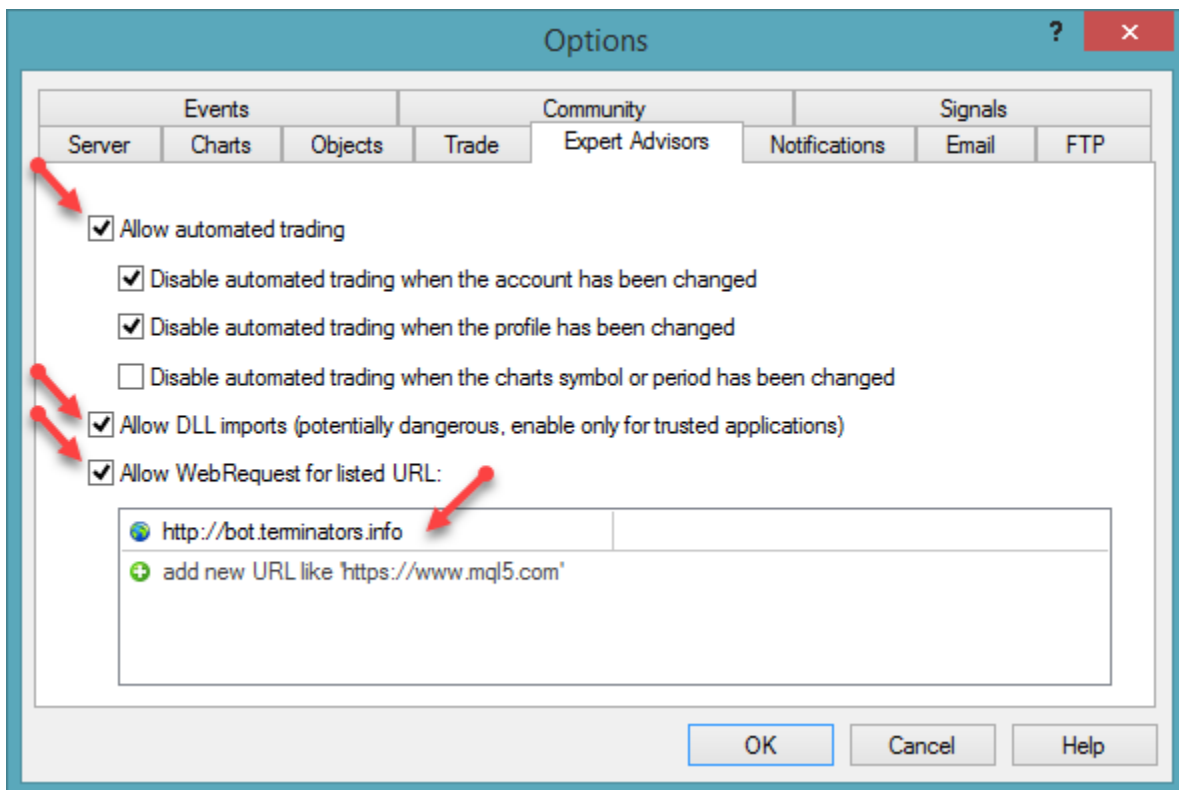

Step 3: In **Market Watch** (or Ctrl+M), right click, choose **Show All**

In menu bar, please click button **Auto Trading**

Bước 4: Open any current you love, we recommend **GBP/USD**, choose **M1** timeframe.

In **Navigator** (or Ctrl+N), right click on **Expert Advisor**, choose **Refresh**. Find **Terminators 3.0**, drag to chart and drop it here.

Note:
- In tab **Common**, please check **Allow live trading (Must do, very important step)**
- In tab **Input**, you set up number you want.
